

Brass Anti Water Hammer Valve

LV 2935

Screwed BSPP Male, Brass Body & Cover, Acetal Resin Diaphragm, Stainless Steel Spring

Pressure / Temperature Specifications

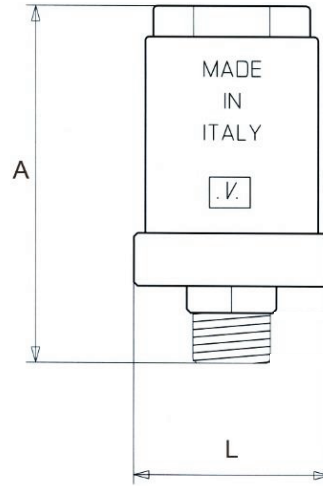

Pressure	PN10
Maximum Water Hammer Pressure	50 Bar
Maximum Working Temperature	90°C

Material Specifications

Body	Brass
Components	Brass
Rubber Parts	NBR
Spring	Stainless Steel
Diaphragm	POM

Dimensions

DN	A	L	Kg
1/2"	92	52	0.49
